We have been requested to look for someone with stronger compliance background, so HR is backing out of the forefront and assist with finding someone. Going forward we will assign HR assignments to Melissa Haley and Gail. I will be discussing a schedule on Tuesday at my staff meeting. Stay tuned...I will get you some HR assistance, I know she doesn't need to be distracted with that.

Also -- I understand there may be a restructuring of HR/compliance position at AAC? Can we at least get some assist from Melissa Haley a few days a month on site from the HR side bc Lynsey is running the plant and is getting overwhelmed.

Melissa -- can I get a decision on this -- I have budgeted for it, I have given the guy increased responsibility, it met the sniff test, and there are org announcements going out daily promoting other people right and left.

The last thing I saw indicated that it was on hold until the end of the second quarter when it will be re-evaluated.

Oralia

Did this ever get resolved, or is it still with Scott Blackwell?

Thanks
